

NEWSLETTER – SEPTEMBER 2011

The global economic situation has changed the world of yachting, but Dutch shipbuilding and quality has only grown in strength.

Holland's Yacht Industry and hereby also Atlantic Motor yachts, has always been based on timeless value such as pure heritage, reliability, honest and true economical operation costs, sound investment, family owned businesses and continuity.

Never before have these values been more important.

In this newsletter, we will give you information regarding the new things, which has happened since January 2011.

ATLANTIC YACHT NORDIC NEW WEBSITE

After two wonderful years as agents for Atlantic Motor yachts, we decided to rebuild our website to "KIS - Keep it simple". Our goal was to make easy access to our products and information. Due to we tailor make, meaning – custom build yachts, it was important for us to show you what possibilities you have. We have therefore created the Design page and under the model page – Your model, just to set off your mind to actually see how Your Personal Yacht can be.

Take a look, enjoy and play around the site - www.atlanticyachtnordic.dk

ATLANTIC MOTORYACHTS PROMOTION VIDEO

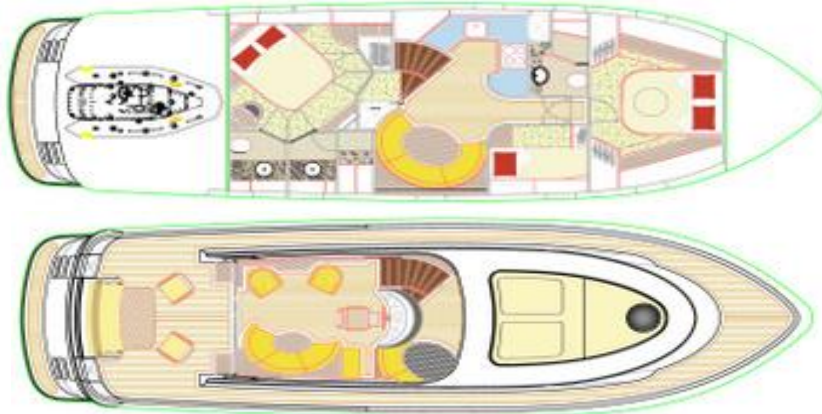

To show you even more, performance and some example of client's choice in exterior and interior designs, this video present our sports cruisers A42, A460 and A50. Take a look and see these sporty, fast and steady cruisers in rough sea and off course the luxury interior.

LUXURY EVENTS

Due to our long experience in the sailing, yachting life and in the travel business, we have decided to start working with luxury events in yachting but also make specialized travel packages to the wonderful places we have in our part of Europe but also to the rest of the world. All events will be presented on our website under the page Luxury events, so you can see if there should be something in your interest.

ATLANTIC 56TD

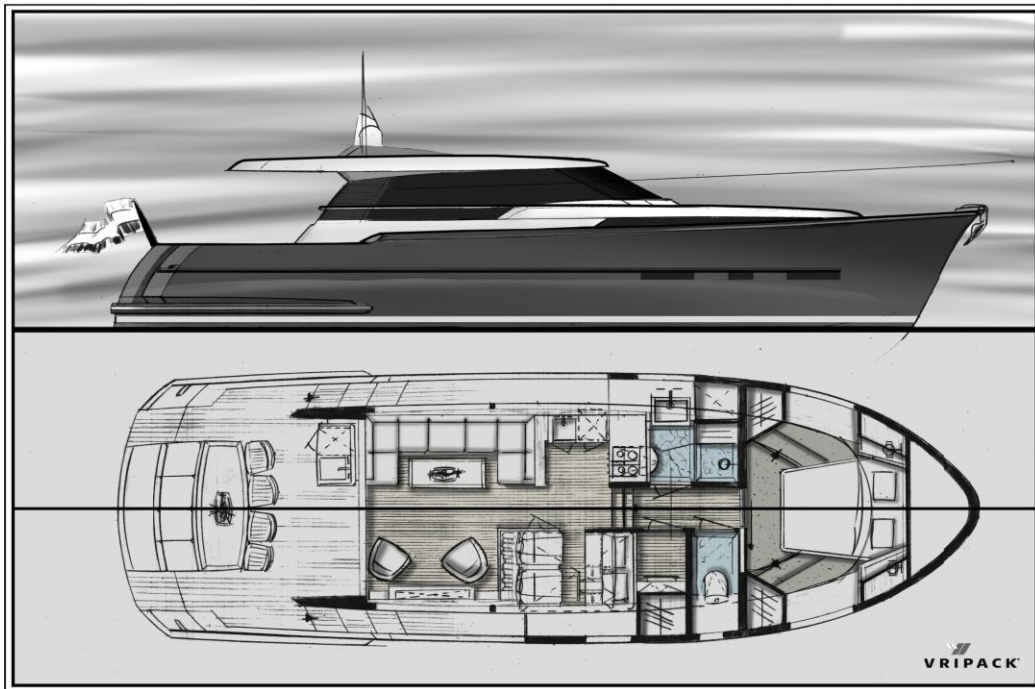

We are proud to present our new model A56TD, which has the latest technology and with IPS system. The yacht is classified as a super yacht and its quality is of the highest you can get. Due to our custom build, you can manage the design, your suites and lounges so it fully suits your needs.

The wheelhouse roof is fitted with a panoramic, electrically operated sliding roof, completely flush concealed. Twin Deck, in both cases lots of headroom.

Joystick steering, regardless of the situation you are in, you can maneuver in any direction with just one hand.

Remote control is standard equipment in this yacht as well as in the other yacht range models.

For more information, contact us on phone +45 57 82 24 11 or Mobil +45 60 93 10 65.

ATLANTIC 1500 SEDAN

Atlantic Motor yachts have played around with a new model and the focus is set on a Sedan model. The thought is to be able to build a modern yacht model where the easy access from steering to the lounges and suites can be reached without climbing stairs. This model is still on the drawing board, waiting for a client to give the yacht their touch in design and ideas. The yacht can be build in any material you prefer and in the design you like the best.

Please contact us for more information on info@atlanticyachtnordic.dk

BRANDARIS Q52 HT

The new Brandaris Q52 Yacht for the year, has been improved with a hard top, which makes this yacht suitable for our climate here in Scandinavia. The yacht is a piece of art on the designs inside as well as outside. 2010 won Brandaris Q52 the design price on Fort Lauderdale Yacht show.

See more here: http://www.atlanticyachtnordic.dk/Brandaris_Q52HT.html

BRANDARIS 1100 OPEN SUPERSPORT

Brandaris Yachts broaden its product line, and presents with pride The Brandaris 1100 open Super Sport. The Brandaris 1100 open Super Sport can be called with no doubt exclusive because of its outstanding irradiation. The Brandaris 1100 Open Super Sport will be launched in September 2011 in Loosdrecht. (PHOTOS WILL FOLLOW SOON!)

Brandaris 1100 Open Super Sport

The Brandaris 1100 open Super Sport is unique in its type, and is equipped with no less than two Yanmar V8 engines with a capacity of 350 PK. An implementation with splendid lines which is typical for Brandaris Yachts. Luxuriously, ultimate comfort and skills are been combined in this model. Entirely new is the sport interior and the carbon look. The Brandaris 1100 open Super Sport is in the first place a Day Cruiser, but in the front of the boat there is a bedroom and a toilet, which makes the yacht suitable for overnight stay as well.

WORLD ON THE WATER - TV BROADCAST.

We are happy to announce that we now provide access to weekly TV Broadcasts from the yachting and sailing world on our website - Atlantic Yacht Nordic.

The autumn is on its way and time is near to get inside and sit by a warm fireplace and relax.

Time to sit and read this newsletter and dream about spring to come, for new adventures at sea in your own special yacht.

All Our Best Wishes and our Warmest Regards,

Director Lasse K. Nielsen

Director Kerstin Kviatkowski
